Founder's story

- Growing up in a broken home, **I battled PTSD for much of my time at school**
- Education became the means through which **I sought to reclaim my narrative**
- Becoming a tutor at 16, I supported 100s of young people along my journey - **empowering them, empowering myself**
- **Against the odds, I made it** - ranking #1 in Oxford Law, the first-ever Black heritage student to do so

THE LEARNERS
COLLECTIVE

Grades alone cannot prepare students for success

There's a gap in education

There is an excessive emphasis on grades - **not enough focus on skills and character-building**

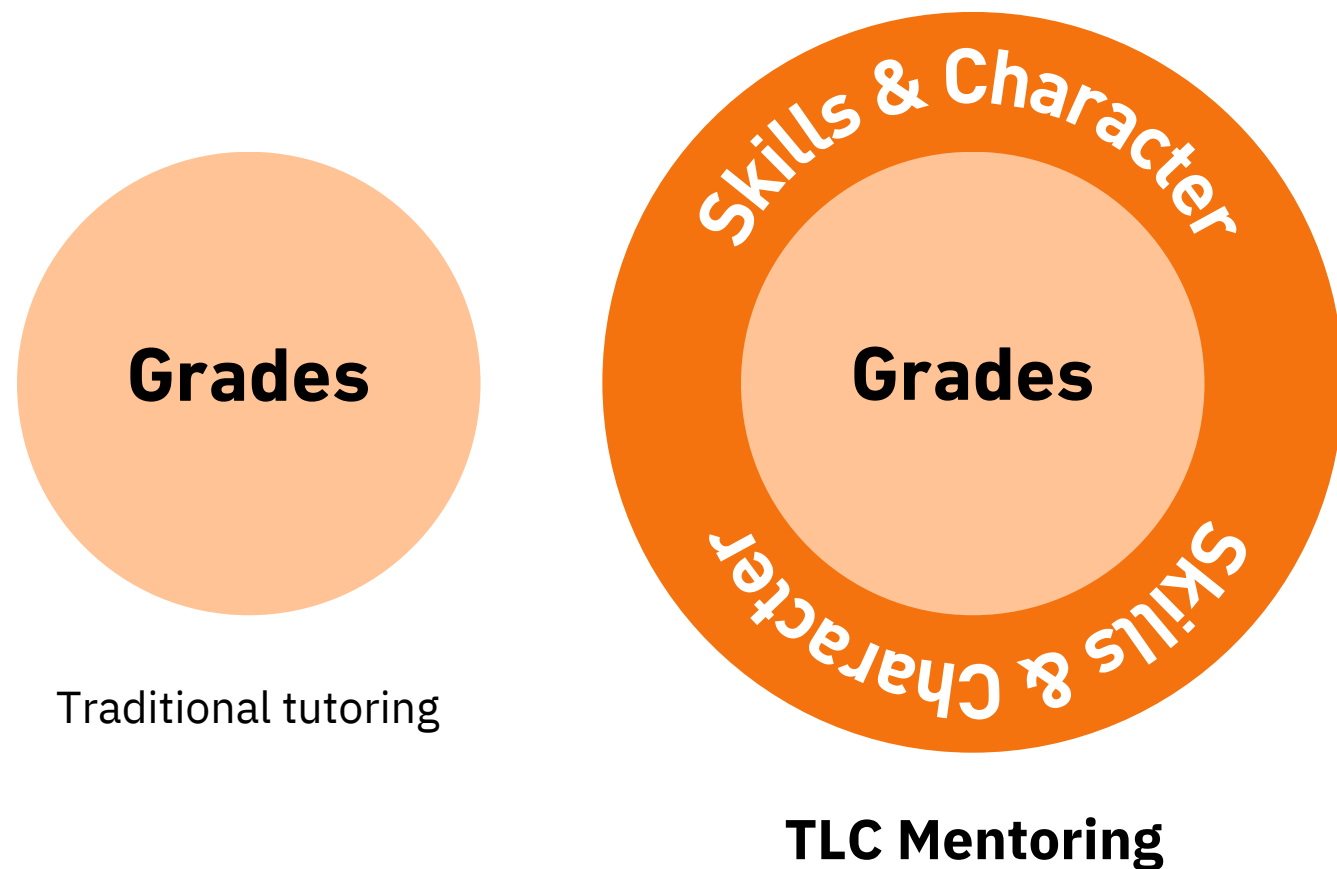

Everyone wants the gap filled

More than **90%** of parents, students, teachers and employers want education to build **grades and life skills**

School leaders are struggling to fill the gap

72% of teachers think their school should **do more to improve life skills and build character**

We help schools build their students'
grades, skills and character

Our solution

The Learners Collective (TLC) is the **modern day evolution of supplementary education:**

- Blended model of **online academic tutoring and personal-professional mentorship**
- **Near-peer student tutors** from top universities with **inspiring life stories**
- **AI-integrated matchmaking** approach with **human touch**

Our Scholars

University Students
